

Pure *Moringa*

From India's Finest Farms

A comprehensive guide to Zenvico Global's premium moringa export range — covering specifications, applications, packaging, and quality assurance for international buyers and distributors.

MORINGA OLEIFERA · ALL GRADES · BULK & RETAIL PACK

Why *Moringa*?

The Miracle Tree

Moringa oleifera, grown abundantly across India's tropical belt, is considered one of nature's most nutrient-dense plants. Every part of the tree — leaves, seeds, pods, and roots — carries exceptional nutritional and commercial value. Zenvico Global sources exclusively from verified, sustainable cultivation zones to ensure purity and traceability from field to shipment.

About Zenvico Global

Incorporated in April 2025 and headquartered in Varanasi, Uttar Pradesh, Zenvico Global Private Limited is a specialist export company focused on premium agricultural commodities, engineered components, and metals. Our moringa range represents our flagship agricultural vertical — built for buyers who demand consistent quality, documented sourcing, and reliable logistics.

Moringa Powder

Finely Milled · Vibrant Green · Maximum Potency

Zenvico's Moringa Leaf Powder is produced from freshly harvested, shade-dried *Moringa oleifera* leaves that are milled to a fine, uniform powder. The low-temperature drying process preserves the chlorophyll-rich colour and retains a maximum concentration of heat-sensitive vitamins. Available in food-grade and supplement-grade specifications.

TECHNICAL SPECIFICATIONS

HS CODE	0712.90.99 — Dried Vegetables
BOTANICAL NAME	<i>Moringa oleifera</i> Lam.
PLANT PART	Leaves (dried & powdered)
COLOUR	Bright to deep green
MOISTURE	≤ 7%
PARTICLE SIZE	40–80 mesh (fine); 20–40 mesh (coarse) — on request
PROTEIN	Min. 25% (dry weight basis)
ASH CONTENT	≤ 10%
SHELF LIFE	24 months from date of manufacture
STORAGE	Cool, dry place; away from direct sunlight
AVAILABLE GRADES	Food Grade · Supplement Grade · Organic (on request)

APPLICATIONS

- Nutritional supplements & capsules
- Health food & smoothie mixes
- Tea & herbal beverage blends
- Food fortification & functional foods
- Cosmetic & skincare formulations
- Animal feed & aquaculture

- 25 kg HDPE bags (double-lined)
- 10 kg kraft paper bags
- 1 kg, 500 g retail pouches
- Private label available
- Vacuum-sealed on request
- MOQ: 25 kg per order

Moringa Seeds

Whole & Dehusked · High Oil Yield · Water-Grade Available

Moringa seeds are one of the most commercially versatile parts of the tree. Zenvico supplies both whole and dehusked (shelled) seeds harvested from mature pods. Our seeds are cleaned, sorted, and sun-dried to ensure low moisture and high viability. They are widely used for oil pressing, water purification, cosmetics, and pharmaceutical research.

TECHNICAL SPECIFICATIONS

HS CODE	1207.99.90 — Other Oil Seeds & Oleaginous Fruits
BOTANICAL NAME	Moringa oleifera Lam.
VARIETIES	Whole (with husk) · Dehusked (shelled)
OIL CONTENT	38–42% (kernel basis)
MOISTURE	≤ 8%
FOREIGN MATTER	≤ 1%
PURITY	Min. 97%
COLOUR	Creamy white to light brown (kernel)
SHELF LIFE	18 months from date of packing
STORAGE	Dry, ventilated warehouse; < 25°C
AVAILABLE GRADES	Oil-pressing Grade · Water-purification Grade · Research Grade

APPLICATIONS

- Ben oil extraction (cold pressing)
- Water purification & flocculation
- Cosmetic ingredient sourcing
- Pharmaceutical & nutraceutical research
- Cultivation & propagation
- Specialty food ingredients

PACKAGING OPTIONS

- 50 kg jute or woven PP bags
- 25 kg HDPE bags
- 5 kg vacuum pouches
- Bulk container-load available
- Custom labelling on request
- MOQ: 50 kg per order

Moringa Oil

Cold-Pressed · High Oleic Acid · Cosmetic & Food Grade

Also known as Ben oil or Behen oil, Moringa seed oil is prized for its exceptional stability, long shelf life, and outstanding skin-conditioning properties. Zenvico's oil is cold-pressed from dehusked moringa seeds without the use of solvents, preserving its natural fatty acid profile. With oleic acid content exceeding 70%, it is a direct competitor to premium argan and jojoba oils at a significantly better price point.

TECHNICAL SPECIFICATIONS

HS CODE	1515.90.90 — Other Fixed Vegetable Fats & Oils
COMMON NAMES	Ben Oil · Behen Oil · Moringa Seed Oil
EXTRACTION	Cold-pressed, solvent-free
OLEIC ACID (C18:1)	Min. 70%
COLOUR	Pale yellow to golden yellow
ODOUR	Mild, characteristic, pleasant
ACID VALUE	≤ 4.0 mg KOH/g
PEROXIDE VALUE	≤ 10 meq/kg
MOISTURE & VOLATILES	≤ 0.2%
SHELF LIFE	24–36 months (unopened, cool storage)
AVAILABLE GRADES	Cosmetic Grade · Food Grade · Refined (on request)

APPLICATIONS

- Luxury skincare & hair care products
- Carrier oil for aromatherapy blends
- Edible oil — salads & cooking
- Soap & cold-process cosmetics
- Pharmaceutical excipient
- Lubricant base for precision instruments

PACKAGING OPTIONS

- 200 litre HDPE drums
- 25 litre jerry cans
- 5 litre & 1 litre amber glass bottles
- IBC tankers for large volumes
- Private label / white label
- MOQ: 5 litres per order

Dried Leaf Flakes

Air-Dried · Whole Leaf · Nutrient-Intact

Moringa dried leaf flakes are whole leaves that have been gently air-dried at controlled temperatures to retain their structural integrity, vibrant colour, and full nutritional profile. Unlike powder, flakes provide a visual and textural distinction ideal for premium tea blends, food garnishing, and high-visibility supplement products. This is Zenvico's newest product in the moringa range.

TECHNICAL SPECIFICATIONS

HS CODE	0712.90.99 — Dried Vegetables (Other)
BOTANICAL NAME	Moringa oleifera Lam.
PLANT PART	Whole dried leaves (de-stemmed)
DRYING METHOD	Shade / air-dried; low-temperature controlled
COLOUR	Bright olive to dark green
MOISTURE	≤ 8%
FOREIGN MATTER	≤ 2% (stalks, stems)
SIEVE SIZE	Typically passes 4–8 mm; custom cuts available
SHELF LIFE	18–24 months from manufacture date
STORAGE	Airtight, cool, dark — away from moisture
AVAILABLE GRADES	Tea Grade · Food Garnish Grade · Organic (on request)

APPLICATIONS

- Herbal & superfood tea blends
- Food garnish & gourmet plating
- Loose-leaf supplement packs
- Functional food fortification
- Animal feed (leafy)
- Decoctions & traditional medicine

PACKAGING OPTIONS

- 10 kg kraft paper sacks
- 5 kg resealable pouches
- 100 g / 200 g retail sachets
- Custom tea-bag format (on request)
- Private label packaging available
- MOQ: 10 kg per order
